Igor Butenko – the final project supervisor
bigor@decosp.spb.ru

2004-2009

Saint Petersburg State Polytechnical University (Russia)

Bachelors' degree in Management
GPA: 4.22 out of 5

Final project:

Title: "Development of a computer information system for complaint management"

The same topic as above, but described from a business point of view

Grade: Excellent

Referee:

Elena Yaroshevskaya – the final project supervisor
volfon@ramber.ru

1994-2004

State Secondary School #76 (Russia)

GPA: 4.46 out of 5

ADDITIONAL EDUCATION

- 2009-2010** **Centre of applied languages (United Kingdom)**
Italian language
- 2002-2003** **State Courses of Foreign Languages #1 (Russia)**
English language: diploma cum laude

EXTRACURRICULAR ACTIVITIES

- 2009-2010** **Microsoft UK: Microsoft Student Partner**
Delivered presentations for students on programming topics at the University of Edinburgh. Promoted Microsoft academic initiatives through presentations and a blog.
Referee:
Ed Dunhill: edunhill@microsoft.com
- 2008-2009** **Microsoft Russia: Microsoft Student Partner**
Organised technology events at two universities. Gave talks on programming topics for students.
Referee:
Dmitry Soshnikov: dmitryso@microsoft.com

WORK EXPERIENCE

- March-August 2011** **SAP AG (SAP Research, Karlsruhe, Germany)**
I have developed a concept and a tool for security analysis of software architecture diagrams. Whilst developing the tool I worked in a multinational environment and collaborated with several teams spread out across Europe. The tool was developed with WPF/XBAP, C# 4.0 SQL Server 2008 R2. This work has also resulted in my Master's thesis.
Referee:
Andreas Schaad: andreas.schaad@sap.com
- June-July 2010** **Fondazione Bruno Kessler (Trento, Italy)**
I had a set of initial requirements for creating a specialised social network; my first task was to evaluate different social platforms based on those requirements. Based on the performed evaluation and having talked to my colleagues I chose the best system out of the evaluated and started customising and extending it. By the end of the internship I presented a finished system. During the internship I used PHP, MySQL, Python, HTML, CSS.
Referee:
Maurizio Napolitano: napo@fbk.eu
- 2003-2009** **Freelance Web Developer**
Created and modified a number of web content management systems.
Main tools: PHP, MySQL, HTML, JavaScript
